_____

As a software engineer, I am a skilled professional dedicated to designing, developing, and maintaining cutting-edge software systems and applications. With expertise in multiple programming languages, frameworks, and tools, I excel at creating innovative solutions to complex problems. My analytical mindset allows me to thoroughly analyze user requirements, design efficient software architectures, and write high-quality code. I am committed to conducting rigorous testing to ensure the reliability and performance of software products. Collaborating seamlessly with cross-functional teams, I follow industry best practices and stay updated with emerging technologies. I bring a strong problem-solving ability and meticulous attention to detail, enabling me to drive technological advancements and enhance user experiences. My passion for software engineering fuels my continuous pursuit of excellence, making me a valuable asset to any organization.

EXPERIENCE
_____

Sales Associate   **February 2023 – July 2023**

Target   **Irving, TX**

As a sales associate at Target, my primary focus is on providing exceptional customer service and ensuring a positive shopping experience. I assist customers in finding products, addressing inquiries, and process sales transactions with efficiency. Additionally, I contribute to maintaining a clean and organized store environment while adhering to company policies and procedures.

- Greeting and assisting customers in a friendly and professional manner.

- Understanding customer needs and recommending appropriate products or services.

- Providing product information, pricing, and availability to customers.

- Operating cash registers and handling sales transactions accurately.

- Maintaining a neat and organized sales floor by restocking shelves and organizing merchandise.

- Monitoring and ensuring proper product signage and displays.

Sales Associate   **June 2022 – August 2022**

Wal-Mart   **Austin, TX**

As a sales associate at Walmart, my primary focus is on delivering exceptional customer service by assisting customers in finding products and answering their questions. I process sales transactions accurately and contribute to maintaining a clean and organized sales floor. Collaboration with my team members and adherence to company policies are also key aspects of my role to ensure a positive shopping experience for customers at Walmart. Greeting and assisting customers in a friendly and professional manner.

- Processing sales transactions accurately and efficiently at the checkout counter.

- Handling cash, debit/credit card payments, and operating the cash register.

- Maintaining a clean and organized sales floor by restocking shelves and arranging merchandise.

- Monitoring product availability, ensuring shelves are adequately stocked, and assisting with inventory management tasks.

- Collaborating with team members to achieve sales targets and provide excellent customer service.

- Adhering to company policies and procedures, including safety and security protocols.

- Assisting in setting up promotional displays and ensuring proper signage.
